

17th Annual Texas Parent to Parent Statewide Parent Conference July 22-23, 2022

What is Texas Parent to Parent?

Texas Parent to Parent is a statewide nonprofit organization created by parents with lived experience to provide support, information and education for families of people with disabilities, chronic and mental health conditions and other health care needs throughout the state of Texas. We support children by empowering their families to be advocates for them through peer support, resource referral and public awareness.

What is the TxP2P Parent Conference?

Our conference educates parents from across Texas about how to deal with the unique issues and challenges they face on a daily basis in caring for their children. The conference offers themed tracks comprised of multiple sessions, each covering a different topic, over the course of two days. The knowledge we share with parents at the conference empowers them to advocate for their child's needs. The conference also provides a rare opportunity for parents to connect with peers – other parents who have “walked a mile” in their shoes, and whose experience and insight into the challenges they face gives them more support and hope than any course or seminar ever could.

Why exhibit at TxP2P's Parent Conference?

- ★ Extend your presence statewide
- ★ Build customer relationships
- ★ Make immediate sales and connections
- ★ Introduce new products and services
- ★ Network with peers
- ★ And more!
